

Job Title: Python Developer

Company Name: TechSpeed Digital Services Private Limited

Location: Office No. B/502, Aundh IT Park, Pragati Nagar, Bopodi, Pune, Maharashtra INDIA

Work Site: In-Office with optional part-time work from home

About Us:

TechSpeed has been providing premium data management services to companies large and small for over 20 years. As we continue to innovate and expand into new service verticals and technologies, we are actively seeking talented and motivated individuals to join our team.

TechSpeed offers an inclusive environment, growth opportunities, competitive compensation, and involvement in cutting-edge projects. With a focus on diversity, innovation, and employee well-being, it's a company that values and empowers its workforce.

Job Description:

TechSpeed is currently looking for a skilled Python Developer to join our dynamic Development Team based in its Pune India office. The ideal candidate will be responsible for designing, implementing and maintaining Python-based applications that meet our clients' needs. If you are passionate about coding, problem-solving, and working in a collaborative environment, we'd love to hear from you.

Job Responsibilities:

Job responsibilities of the PHP Developer would include but not be limited to the following:

- Design, develop, and maintain Python-based applications
- Write clean, maintainable, and efficient code
- Collaborate with cross-functional teams to define, design, and ship new features
- Identify and fix bugs and performance bottlenecks
- Participate in code reviews and provide constructive feedback to peers
- Stay up-to-date with emerging technologies and best practices
- Contribute to the continuous improvement of our development processes

Requirements:

- At least 2-4 years of experience in Python Development with a strong understanding of software engineering principles

Preferred Qualifications/Skills:

- Bachelor's degree in Computer Science, Engineering, or related field
- Strong understanding of software engineering principles, data structures, and algorithms
- Proficiency in Python and its frameworks (e.g., Django, Flask)
- Experience with front-end technologies (HTML, CSS, JavaScript) is a plus.
- Familiarity with databases (SQL, NoSQL) and ORM libraries
- Knowledge of version control systems (Git, SVN) and CI/CD pipelines
- Excellent problem-solving skills and attention to detail
- Ability to work independently and collaboratively in a fast-paced environment
- Strong communication and interpersonal skills

Salary Range: INR. 40,000 – 75,000 per month. Salary would be commensurate with experience.

Benefits:

- Health Insurance
- Provident Fund
- Retirement Plans
- Gratuity
- Paid holidays
- Work from home Options

How to Apply: Candidates fulfilling the above requirements and wishing to apply may kindly submit their updated resumes here or e-mail it to the email id sameers@global.techspeed.com.

Deadline: Applications must be submitted latest by **April 30th 2024**

Contact Information: Please note that TechSpeed only considers candidates who submit their resumes for review via TechSpeed recruiting contact jobs@global.techspeed.com

Equal Opportunity Employer:

TechSpeed is an equal opportunity employer and is committed to providing a work environment that is free from discrimination and harassment. We celebrate diversity and are committed to creating an inclusive environment for all employees. Employment decisions at TechSpeed are based on merit, qualifications, and business needs, without regard to race, color, religion, sex, sexual orientation, gender identity, national origin, age, disability, veteran status, or any other characteristic protected by law. We comply with all applicable laws regarding non-discrimination in employment and are dedicated to providing reasonable accommodations for qualified individuals with disabilities. We are proud to be an equal opportunity employer and encourage all qualified individuals to apply for our positions.
